## Mission Statement

### Open Community

From the start, TELE was designed to support a large number of smaller token holders, Who will all participate in and benefit from the growth and development of the TELE Community.

All projects and initiatives will be community-led and will result in additional value being brought into the TELE and TON ecosystems. Everyone is welcome to join the community and help it grow!

### Dedication

Like the legendary Doge, Shiba Inu and Floki, PEPE. TELE are here to be a guide and connection for every community member as they explore the TON universe to other universes Bitcoin, Ethereum... TELE is the loyal mascot of TON and will introduce new participants to blockchain's innovations with a warm smile and a helping hand!

### Reward!

Meet TON's best meme coin \$TELE and let it guide you through your connect TON with Bitcoin ,BitcoinL2, Ethereum,Solana,Arbitrum... journey! Is a meme coin built on the potential TON network! \$TELE is not just a meme, we build many games like wheel of fortune, lottery and Gamfi that give back a source of income to the \$TELE loyal community. Restaking Bitcoin , Ethereum , ... to get Reward . Real World Asset meme first on the word.A new twist on the meme token compared to the rest with no apps.

## Ignition-the burning

**TELE** was created to be completely deflationary. No new TELE will be printed. In this spirit, taxes when playing games will be burned! Profits and taxes from staking implementation will be used to buy back TELE and burn. This gradually reduces the token supply over time, making every step of TELE count.

# TELE

## REWARD

**TELE** will not just sit around making memes. Those who hold shares or provide liquidity with their **TELE tokens** will receive **50%**(Profits of the project together with the development team).

Besides receiving bonus tokens from **Airdrop** and **% from REWARD tokenomics**, ensuring that supporting **TELE** projects is always beneficial! Receive exclusive NFT for holder **TELE** and **provide liquidity token** when the project launches a mainnet network with voting value and jointly develop and enjoy commissions of subsequent projects **in the ecosystem TELE**.
